

# FORZABAND™

Polyester (PET) and polypropylene (PP) strapping are safer, easier, and more economical alternatives to steel strapping. PP strapping is half the weight of steel and is highly economical for light to medium weight loads and general duty applications

**ITEM #:** 15201

## PRODUCT ATTRIBUTES

<b>WIDTH</b>	1/2"	<b>CORE</b>	16 x 6"
<b>LENGTH</b>	7200'	<b>COLOR</b>	Black
<b>THICKNESS</b>	.024"	<b>FINISH</b>	Embossed
<b>WEIGHT</b>	35 lbs	<b>TYPE</b>	Polypropylene (PP)
<b>BREAK STRENGTH</b>	600 lbs	<b>STYLE</b>	Hand Grade

## USAGE

Economical Strap for general applications. Ideal for light to medium duty loads. Suitable for semi and fully automatic strapping heads

## TEMPERATURE

-20° to 320° F, Cannot store long term below 32° F. Can be heat sealed/friction welded.

## FEATURES

PP strap retains tension and keeps your goods secure during transport. Lightweight and easy to use.
