

# FORZABAND™

Polyester (PET) and polypropylene (PP) strapping are safer, easier, and more economical alternatives to steel strapping. PET is 80% lighter than steel and offers excellent load retention for medium to heavy-weight applications. Suitable for semi- and fully automatic strapping heads.

**ITEM #:** 15208

## PRODUCT ATTRIBUTES

<b>WIDTH</b>	5/8"	<b>CORE</b>	16 x 6"
<b>LENGTH</b>	4200'	<b>COLOR</b>	Green
<b>THICKNESS</b>	.035"	<b>FINISH</b>	Smooth
<b>WEIGHT</b>	35 lbs	<b>TYPE</b>	Polyester (PET)
<b>BREAK STRENGTH</b>	1400 lbs	<b>STYLE</b>	Power Tool Grade

## USAGE

Economical Strap for general applications. Ideal for medium to heavy duty loads. Suitable for semi and fully automatic strapping heads

## TEMPERATURE

-20° to 490° F, Cannot store long term below 32° F. Can be heat sealed/friction welded.
