

FORZABAND™

Polyester (PET) and polypropylene (PP) strapping are safer, easier, and more economical alternatives to steel strapping. PET is 80% lighter than steel and offers excellent load retention for medium to heavy-weight applications. Suitable for semi- and fully automatic strapping heads.

ITEM #: 15222

PRODUCT ATTRIBUTES

WIDTH	1/2"	CORE	16 x 6"
LENGTH	7200'	COLOR	Black
THICKNESS	.020"	FINISH	Smooth
WEIGHT	35 lbs	TYPE	Polyester (PET)
BREAK STRENGTH	600 lbs	STYLE	Power Tool Grade

USAGE

Economical Strap for general applications. Ideal for medium to heavy duty loads. Suitable for semi and fully automatic strapping heads

TEMPERATURE

-20° to 490° F, Cannot store long term below 32° F. Can be heat sealed/friction welded.
